COLLEGIATE FAMILIES...

Spring has arrived and all of our students are very excited and energized as we enter the next two months of school. Please continue to model the importance of education by setting aside time for your child to complete his/her homework. Take the time to look at your child's agenda and initial any notes or comments. Our home-school partnership is important as we work together to improve our students' academic achievements. We ask our students to put forth their very best effort every day!

GRADE 3 and 6 EQAO

Annually, the Education Quality and Accountability Office (EQAO) assesses grade three and six students in the areas of Reading, Writing, and Mathematics.

The purpose of the assessment is to ensure that our education system is preparing students for success. It is based on the Ontario Curriculum and a grading format is used to ensure that children are scored in a consistent, fair manner.

The information gathered in the assessments is provided to parents/caregivers and to the school. It is used to assist in school planning in the following year. For example, the EQAO data can help us, as a Staff, identify where our students excel and where additional support and instruction is needed.

If there are questions or concerns, please do not hesitate to call the school and speak to your child's teacher.

POPCORN SALES

Popcorn continues to be sold daily for \$2.00. We offer butter/salt, dill pickle, white cheddar, and salt & vinegar. Each bag is \$2.00. Sales are during 1st break.
